

GREEN VELVET
TECHNICAL SERVICES LLC

Company Profile

2026

Company Overview

Interior Services

Green Velvet Technical Services is a **UAE-based firm** specializing in comprehensive interior and technical solutions, catering to residential, commercial, retail, and exhibition sectors.

Key Strengths

Why Choose Green Velvet

Integrated Solutions

Green Velvet offers a **single-partner approach** for design, supply, and execution, streamlining project delivery and ensuring cohesive communication throughout every phase of your project.

Local Expertise

As a UAE-based company, we provide solutions that are tailored to local regulations and standards, ensuring compliance and authority approval for all our projects in the region.

Agile Delivery

Our lean and agile delivery model allows us to adapt quickly to project changes, maintaining quality and efficiency while meeting tight deadlines without compromising on excellence.

Our Approach

At Green Velvet, we streamline the entire project journey by integrating design, material supply, and execution phases. This ensures a **cohesive experience** for our clients, enabling timely delivery and a singular focus on quality, aesthetics, and compliance.
